Windsor, November 1.

THE following Addreſs of the Mayor, Recorder, Capital Burgeſſes, and other the Tenants of the Borough and Manor of *Bradninch* in the County of *Devon*; was preſented to Her Majeſty by the Lord-Treaſurer.

To the QUEEN's *moſt Excellent Majeſty.*

The humble Addreſs of the Mayor, Recorder, Capital Burgeſſes, and other the Tenants of your Majeſty's ancient Borough and Manor of *Bradninch* in the County of *Devon.*

WE your Majeſty's moſt Dutiful and Loyal Subjects and Tenants, beg leave to Congratulate your Majeſty in your ſucceſsful Arms and thoſe of the Allies, in the late compleat and unparalleled Victory over the French Army near Mons. The Glories of ſo wonderful a Battel, the Conduct and Bravery of the Generals, and the Intrepidity of the Soldiers under their Command, are beyond our expreſſing. We beg that God Almighty will ſtill continue to Bleſs your Majeſty with Health and Succeſs; and that the Grand Oppreſſor may be compelled to ſubmit to ſuch Terms as your Majeſty and your Allies ſhall think fit to give.

Theſe are the Wiſhes and Prayers of your Majeſty's moſt Loyal and Dutiful Subjects and Faithful Tenants.

The humble Addreſs of the Mayor, Recorder, Aldermen, Bailiffs, Common-Council, Burgeſſes, Freemen, Gentlemen, Clergy, and other Inhabitants of the Town of *Bedford*; was preſented to Her Majeſty by *William Farrer*, Eſq; one of their Repreſentatives, being introduced by the Right Honourable the Lord-Chamberlain of her Majeſty's Houſhold.

Which Addreſſes her Majeſty received very graciouſly.

Genoa, October 20. *N. S.* We are adviſed from Leghorn, that two Britiſh Ships, the Worceſter and Terrible, have brought into that Port three French Prizes of a conſiderable value, and deſign ſpeedily to ſail with them to Barcelona. On the 17th Inſtant ſeveral Veſſels ſailed from this Port towards the Levant to buy Corn; and divers others arrive daily from thence, laden with that Commodity. We have received Advice by a Veſſel from Sardinia, that the Regency of that Iſland had ordered all the Subjects of the King of France to leave that Place; the ſame Directions having been publiſhed at Madrid concerning the Subjects of King Charles. Letters from Rome ſay, that the Pope had in a private Conſiſtory appointed Cardinal Conti his Legate at Ferrara, and nominated Cardinal Gualtieri Biſhop of Todi; that the Marquis de Prié had expreſſed great Satisfaction in the late Proceedings of his Holineſs, concerning the Recognition of his Catholick Majeſty, and had ſplendidly entertained on this Occaſion ſeveral Perſons of Diſtinction; that Miniſter hath alſo appointed Te Deum to be ſung, and publick Rejoicings are to be made on the 4th of the next Month, on the happy Concluſion of this Affair.

Milan, October 25. *N. S.* General Zumjungen hath paſſed through this City on his Journey from Vienna to Turin, having received Inſtructions from his Imperial Majeſty concerning the Repartition of the Winter Quarters in Italy, and ſeveral other important Affairs relating to the Differences between the Imperial Court and that of Turin. The Marquis de Seragna having given ſeveral Inſtances of his Fidelity to the Houſe of Auſtria, hath been dignified with the Title of Prince of the Empire, in Conſideration of his Services. They write from Naples that ſeveral Germans arrive daily in that City, to reinforce his Catholick Majeſty's Troops in Spain, who will be ſpeedily tranſported into Catalonia. Ten Tartanes lately ſailed from thence to Barcelona, having on Board great quantities of Proviſion and Ammunition, an Italian Regiment, and five hundred Recruits for the Service of King Charles. Theſe Letters add, that by the laſt Advices from Catalonia, they received an Account of the Submiſſion of the Marquis de Villadarias and Don Pedro Velaſco to his Catholick Majeſty, having entirely quitted the Intereſts of the Duke of Anjou; and that his Majeſty had received the Deputation ſent him from his Kingdom of Naples very graciouſly, and had approved of the Propoſitions which they laid before him concerning the Cuſtoms and the Funds of that Kingdom for the Service of the War.

Vienna, October 26. *N. S.* The Elector of Hanover having regulated the Repartition of the Winter Quarters for the Imperial Forces on the Upper Rhine, tranſmitted it to this Court to receive the Emperor's Approbation, which was returned to the Army by an Expreſs on the 24th Inſtant. The laſt Advices from Hungary ſay, That General Heiſter was decamped from Lewentz, and was marching his Army towards the County of Liptaw, where his Troops would ſeparate and retire into Winter-Quarters. Monſieur Albani hath been admitted to his firſt Audience of the Emperor, and hath ſignified his Arrival to the foreign Miniſters reſiding here. We have no certain Account of his Swediſh Majeſty ſince the laſt Advices we received of his being at Bender. Some Officers belonging to his Army being detained in Silefia 'till they performed their Quarantain, on Pretence that they had paſſed through Places infected with the Peſtilence, the Swediſh Miniſter hath made his Complaints to the Imperial Court on this Occaſion, and obtained Orders for their Enlargement. His Imperial Majeſty hath made a Diſtribution of the Goods and Inheritances of the Hungarian Malecontents among ſeveral of his chief Miniſters, and others who have diſtinguiſhed themſelves by their Fidelity and Zeal to his Service.

Frankfort, November 3. *N. S.* General Gronsfeld arrived here yeſterday from Cologne, and this Morning he received the uſual Preſents and Compliments from the Magiſtracy of this City. He deſigns to ſet out within few Days for Spires, to take upon him the Command of the Imperial Army which is encamped near that Place; but it is believed will ſpeedily ſeparate, and retire into Winter Quarters. This Day the Prince de Soiſſons arrived here from the Army in Flanders, and to morrow he deſigns to continue his Journey to Vienna. Advices from the Upper Rhine ſay, that the Enemies Troops began to ſeparate, and a part of the Troops commanded by the Count du Bourg was marched towards Burgundy; but the reſt of that Body was quartered at Otmarſheym, Col-
